These contemporary villas with sea views are located in Fuengirola, well known for its transparent waters, calm waves and its long sandy stretches of beach. It is not surprising that its beaches have been granted the Blue Flag badge for the quality of its waters and sands. In fact, Fuengirola is the only Spanish municipality in which all its beaches boast this acclaimed award. In turn, it has the longest promenade in Spain, perfect for playing sports or taking a quiet walk. Shopping centres, high streets packed with high quality boutiques, tapas bars and restaurants, as well as being the last town on the west side of Málaga serviced by the train are just a few of the reasons that Fuengirola has been one of the most popular towns for expats to settle in over the last 50 years.

Living in Fuengirola implies living by the sea. In just 4 minutes, you can reach the beaches of Carvajal and Torreblanca. Residents of Fuengirola consider these two to be the quietest beaches of the municipality, and its beach bars are its benchmarks for leisure. Finally, this contemporary development of villas is just 15 minutes from the center of Fuengirola and 35 minutes from the centre of Malaga and the international airport.

The villas offer 2 different layouts, with sizes ranging between 210 m² and 268 m², distributed over 3 floors and with the option of a tower on the roof to continue enjoying the sun and the sea views. All the villa benefit
