For those seeking the pinnacle of coastal sophistication, these luxury duplex apartments for sale on Marbella's Golden Mile represent one of the most exclusive opportunities along Spain's southern coast. Within a private collection of just eight residences, each home has been designed to balance intimacy, generous proportions, and the ever-changing light of the Mediterranean.

Each apartment exceeds 500 square metres, offering three to four bedrooms, expansive open-plan living and dining areas, and terraces capturing uninterrupted sea views. Every duplex includes either a private landscaped garden with pool or a panoramic rooftop solarium, providing a vantage point for sunsets or quiet contemplation over the coast. Interiors are beautifully designed with natural stone, hand-finished joinery, and bespoke materials chosen for their texture, warmth, and timeless elegance. Living areas extend naturally into dining spaces shaped for intimate gatherings or sophisticated entertaining, while bedrooms provide private retreats for rest and reflection. Expansive glazing draws the colours and movement of the coast into every room, dissolving the boundary between indoors and the sea.
