Set within the quiet hills of Buenavista, this collection of luxury homes for sale in Buenavista, Mijas sits just minutes above the Costa del Sol coastline, offering a lifestyle shaped by space, calm, and the natural beauty of Mijas. Its elevated position opens every unit toward the Mediterranean, while architecture and landscape work together to create an environment that feels composed and connected to the surrounding hills.

The development brings together a refined selection of apartments, penthouses, garden villas, and sky villas, each featuring clear lines, generous volumes, and layouts designed for comfort and flow. Large windows draw in sunlight and open interiors to the landscape, while terraces extend the living space outdoors for reading, dining, or quietly observing the sea. Garden villas offer private green retreats, and sky villas rise above the community with rooftop settings made for tranquil evenings and stargazing.
