The setting offers a calm atmosphere while keeping you only seven minutes from the beach and comfortably close to both town centres. Directly opposite the secure gated development lies a leafy park traced with walking paths, a welcoming outdoor space for families, joggers and anyone who enjoys having nature just steps from home.

Inside, each apartment is designed with thoughtful functionality in mind. Kitchens come fully equipped and the integrated hot and cold air system keeps every room comfortable through the changing seasons. The twenty 3-bedroom apartments offer balanced proportions throughout. Duplex penthouses lift daily life onto expansive private solariums designed for open sky relaxation, while the ground floor units flow into generous terraces and gardens that extend your living space into the outdoors.

The shared areas are centred around a tranquil swimming pool bordered by wide garden zones, creating a peaceful place to unwind close to home. Every property also benefits from its own parking space and a storage room. Connectivity is one of the development's strongest assets; the A7 and AP 7 are moments away, placing the entire Costa del Sol and Malaga within easy reach. Daily essentials are close at hand with supermarkets, pharmacies, schools and transport links nearby. A local bus route connects you with Fuengirola and Mijas, and for those who enjoy walking, Fuengirola's vibrant town centre and beaches can be reached in around twenty minutes.

Life here also brings quick access to Mijas Pueblo, one of the region's most enchanting, whitewashed villages. Its collection of small galleries, artisan boutiques, panoramic viewpoints and nature trails invites frequent visits, only a short drive from the properties. Proximity to both Spanish and international schools, healthcare, golf courses, major shopping centres and the coastline ensures an appealing blend of lifestyle and practicality.

These apartments stand out for their quality and value in an area where demand remains strong. With the Costa del Sol continuing to attract buyers from across Europe, this development offers a solid long-term investment as well as a rewarding place to call home.
