These spectacular contemporary homes for sale in El Higueron, Fuengirola are located in one of the most sought-after residential areas along the coast. Positioned in an elevated setting with open valley and sea views, the development enjoys privacy and natural surroundings while remaining close to the beach and the coastal train line linking Malaga, the airport and the key destinations along the Costa del Sol.

The homes reflect a clean Scandinavian-inspired design, combining natural materials, bright interiors and generous terraces that maximise natural light and connect with the surrounding landscape, while ground floor units enjoy private gardens. South west orientation brings warm afternoon sun and sunset views across the valley towards the Mediterranean, while private gardens and outdoor spaces create a relaxed setting for everyday living. Each home offers a well-planned layout with four bedrooms and four bathrooms, built to high standards that prioritise comfort, energy efficiency and long-term value.

BROMLEY ESTATES

Marbella

Residents benefit from a thoughtfully designed community created for everyday comfort and wellbeing. Landscaped gardens surround outdoor swimming pools, while wellness areas include sauna and jacuzzi spaces alongside a fully equipped gym. Social and coworking lounges provide flexible spaces for remote work, meetings or relaxed gatherings with neighbours

The location further enhances the appeal of the development. The beach and Carvajal train station are less than a fifteen minute walk away, offering convenient rail connections along the coast to Malaga city, the airport and other popular destinations on the Costa del Sol. International schools, healthcare services and several golf courses are all nearby, while the renowned five star Hilton Higuera resort sits close to the community, providing access to fine dining, sports facilities, wellness centres and social events. Designed as a secure gated community with 24-hour security and built within a BREEAM-certified sustainable development, the residences combine modern design with long term environmental efficiency.

This part of the coast is prized for its year-round climate, open views and relaxed Mediterranean way of life. International schools, golf courses, restaurants and sports facilities are all within easy reach, while the surrounding landscape creates a sense of openness and calm just minutes from the sea.

Combining contemporary architecture, generous outdoor living and a privileged setting, these Costa del Sol residences present a compelling opportunity to enjoy a refined coastal lifestyle in one of the most desirable areas between Malaga and Marbella.
