Positioned within one of the most sought-after parts of the Costa del Sol, this newly built collection of contemporary apartments for sale in La Cala de Mijas, Mijas Costa with sea views is designed to combine a sense of openness with easy access to the coastline and everyday amenities.

The architecture follows a clean and contemporary approach, where open-plan interiors are shaped around natural light and a direct connection to outdoor space. Living, dining and kitchen areas are arranged as a continuous layout, extending onto generous terraces that maximise both light and views. The overall composition prioritises usability and long-term living, with a focus on space, flow and a consistent material palette.

Apartments are offered in two-, three- and four-bedroom configurations, each designed to provide a clear sense of privacy while maintaining a cohesive layout. Kitchens are fully fitted with integrated appliances, while interiors are finished in a restrained, modern style that allows the surrounding landscape to remain a

Marbella.

central feature.

The development includes a series of shared spaces arranged across landscaped gardens, where a communal swimming pool, gym and outdoor areas are designed to support daily use and more relaxed moments. Underground parking, storage and secure access are integrated throughout, contributing to a practical and well-organised environment.

La Cala de Mijas has become one of the most established and consistently in-demand location along this stretch of coastline, combining a strong residential character with a lively village atmosphere. The beachfront, restaurants and cafés form a central part of daily life, while a wide range of amenities, golf courses and services are all close by. Its position allows for easy access towards Marbella and Malaga, reinforcing both its connectivity and long-term appeal, while retaining a more relaxed pace that continues to attract both full-time residents and second-home owners.

Defined by the position of the complex in La Cala de Mijas, one of the coast's most consistently evolving areas, these apartments are shaped by the alignment of architecture, setting and location with ongoing investment and demand, supporting a more balanced way of living by the sea.
