accommodation for both permanent living and holiday escapes, while private parking adds everyday practicality.

Architecture and sustainability go hand in hand throughout the development. Contemporary lines and high-performance construction techniques deliver homes that are as energy efficient as they are visually striking. Excellent thermal and acoustic insulation, carefully selected materials and advanced energy saving systems enhance comfort while reducing environmental impact. Rather than imposing on the landscape, the development has been integrated into its natural surroundings, preserving mature greenery and complementing the area's Mediterranean character.

Residents enjoy an attractive collection of lifestyle amenities centred on wellbeing and relaxation. Beautifully landscaped gardens are interwoven with peaceful walking paths, while two outdoor swimming pools provide the perfect place to unwind beneath the Andalusian sunshine. A dedicated wellness area creates an ideal setting for yoga, meditation and outdoor exercise, fostering a genuine sense of balance and connection with nature.

El Higuérón has become one of the Costa del Sol's most prestigious residential destinations, with its elevated position, excellent transport links and outstanding lifestyle facilities. The beach, cafés, restaurants and Carvajal train station are all within easy reach, while the celebrated Higuérón Resort offers fine dining, a luxury spa, sports facilities and exclusive leisure experiences. Málaga Airport, Fuengirola, Benalmádena and Marbella are all easily accessible, making this a highly sought-after location for both permanent residents and international buyers.

Owning one of these luxury new build townhouses in El Higuérón, Fuengirola is about choosing architecture with purpose, sustainable design and a location that continues to rank among the Costa del Sol's most desirable places to live. Contact our team for availability and further information.
