This is an excellent opportunity to purchase a large plot of land in the countryside just minutes from a shopping centre, town, schools, medical facilities and various restaurants and with easy access to the main road you can be in Marbella in twenty minutes and Malaga airport in fifteen. There are already several villa developments being built in the area but none have the privacy and private garden space that this plot provides. The build is 42% of the land and when the initial application was made this would allow 67 villas to be built. The views from this plot are stunning looking across the countryside to the mountains.
