practical demands of modern family living.

Four generously sized en-suite bedrooms provide comfortable accommodation for family and guests, complemented by a guest cloakroom and a range of lifestyle spaces that include a private cinema room and gym. Underfloor heating throughout, air conditioning, a smart home system, electric blinds, security shutters, double glazing and integrated surveillance provide modern comfort and peace of mind.

Outside, extensive covered and open terraces extend around a private saltwater swimming pool, creating a series of inviting spaces for dining, entertaining or simply enjoying the peaceful golf course surroundings. Landscaped gardens complement the contemporary architecture, while a private garage for two vehicles and additional practical features complete a villa designed for year-round living as much as for enjoying everything Mijas Costa has to offer.

La Cala Golf Resort is one of southern Europe's leading golf destinations, offering three championship courses, a clubhouse, hotel, spa, restaurants, tennis and padel facilities, all surrounded by rolling countryside and protected natural landscapes. Just a short drive away, La Cala de Mijas is one of Mijas Costa's most popular coastal towns, known for its sandy beaches, lively promenade, excellent restaurants, beach clubs, boutiques and year-round village charm. Excellent road connections provide convenient access to the wider coastline and inland areas, making Fuengirola, Marbella, Málaga Airport and the picturesque white villages of Mijas all easily accessible, while a wealth of outdoor pursuits, water sports, hiking and cycling routes further enhance the area's appeal.

The combination of an elevated frontline golf position, contemporary architecture with a strong architectural identity and a fully conceived luxury villa project creates an ideal setting for modern Mediterranean living.
