Start building 20%

Once the license has been granted, construction starts.

Monthly payment & Finance

The rest of the payments will be made per month, with all completed progress demonstrated by building certificates.

Once you have paid the plot, with a good credit history, it is quite simple to obtain a self-developer mortgage to finance the building costs.

Completion

Construction completion time of 10-12 months.

Once the villa is finished, we manage the final utility connections and first occupation license for you.
