It has also garage space for 1 car and plenty of storage space, the land is 1084 m2 and needs complete landscaping and a pool built. All the m2 are fully registered and if potential buyer interested in adding an additional floor they would have to remove some m2 from the main area. Overall a project with a lot of potential due to its location and plot size.

Renovation project not included in the price. Contact for more information. With the new project it would be converted into a 4 bedroom, there is also the possibility to add another floor
