In early 2023, all windows were renewed and the entire air conditioning/heating system was also replaced and equipped with the modern AIRZONE system. This means you can decide for each room how hot or cold it should be. Even in the large downstairs bathroom. A new ROBOSOFT descaling system has also been put down, allowing you to drink water from the tap and keeping appliances free of limescale .

This house is turn-key and definitely worth seeing. Very private and fantastic views. A communal pool completes the picture.

At 3 minutes from the BP, 5 min to the village of Alhaurin en Grande , 10 min to Mijas pueblo, you are super central.

The forest offers beautiful trails for hiking, mountain biking, and horse riding . The golf clubhouse has a lovely terrace with a tasty menu to enjoy Spanish life.
