We present this bright 3-bedroom apartment, with kitchen completely reformed 2 years ago and the rest of the house in perfect condition, which offers you the opportunity to move in immediately and enjoy a quiet life, perfect for both you and your children; as a permanent residence or as a holiday home.

The apartment is located in an urbanisation, a short distance from the center of Marbella, but also from the beach, with a communal pool, a bbq area for the residents of the building, but also a football and basketball court – perfect amenities for family evenings or meetings with friends. Although it does not have a private parking space, a short distance from the place, you can find public spaces specially arranged for parking.

All three bedrooms are generously sized, arranged in such a way that you enjoy as much space as possible. The kitchen is furnished and equipped with modern household appliances, including a water purifier that gives you access to high quality filtered and purified drinking water. In addition, the block benefits from solar panels that produce electricity for the entire edifice.
