The property is distributed over three floors:

On the ground floor, there is a large garage with a storage room and an additional tool room, which can easily be removed to create a spacious garage for two large vehicles plus storage.

The main floor features a bright east-facing living-dining room, an independent kitchen, a guest toilet, and access to a rear patio with a garden area currently used as a vegetable garden with fruit trees. This outdoor space is ideal for those looking for a large garden or even the possibility to install a small pool.
