High-quality beautifully designed restaurant for sale. Consisting of wide interior space, modern bathrooms and pool outside makes it perfect for attracting large numbers of guests. The loud nightlife also contributes to that. It is located near sunny beach of Puerto Banus, one of the richest and most expensive port in Marbella, so it can be a real treat for anyone who was planning to run his own extravagant restaurant. Not only a seaview of mediterranean waters, but it also offers a look on other amazing properties of Oasis Club community such as villas and hotels. Currently it contains:

- Two quest bathrooms
- Bar designed for night entertainment
- Large dining areas with capacity for significant guest volume
- A total of 520m2 of built area
- Wide corridors allowing optimal circulation and service flow

It is an amazing opportunity for anyone to try and it won't last long, so contact us while you still can.
