This spectacular frontline golf villa for sale in La Cala Golf Resort, La Cala de Mijas occupies a striking position directly overlooking the fairways, with uninterrupted views across the course and towards the surrounding mountains. Set within one of the most expansive golf resorts in Spain, the property benefits from a uniquely open, low-density setting that is increasingly difficult to find along the Costa del Sol. With a south-facing orientation, the property opens onto wide golf and mountain views, while remaining just minutes from the coast.

A covered entrance porch leads to double doors that open into a welcoming hallway, where the eye is immediately drawn through the villa to the open views beyond. The main living and dining area is both spacious and refined, with marble flooring, a feature fireplace and a sense of understated elegance that carries through the interiors. Large sliding doors open onto the terraces, allowing light and views to flow through the home.

BROMLEY ESTATES

Marbella.

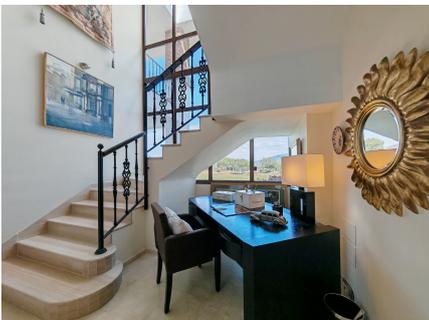

The kitchen offers generous proportions, centred around a large island and designed to accommodate both everyday living and entertaining with ease. The property includes four well-proportioned bedrooms and four bathrooms, three of which are en suite, along with an additional office that offers flexibility for working from home or as a private retreat.

Outdoor spaces are a key part of this La Cala de Mijas property. The infinity pool is positioned to align with the golf course beyond, drawing the eye across the fairways towards the mountains. Surrounding terraces provide distinct areas for dining and relaxing, while the private garden contributes to the overall sense of space and privacy.

Additional features include underfloor heating throughout, central heating, solar panels, air conditioning, a basement level, utility and laundry rooms, double glazing, alarm system and a carport with space for two vehicles. The property is partly furnished and presented in excellent condition.

La Cala Golf Resort is one of the most established golf destinations on this part of the Costa del Sol, with three championship courses, hotel and spa facilities, and a peaceful natural setting. Despite its seclusion, it is just 10 minutes (approximately 7 km) from the coast and La Cala de Mijas, with Marbella reachable in around 20 minutes and Malaga Airport in 25–30 minutes. The area also offers access to well-regarded schools, a full range of amenities and services, and walking and cycling routes in the nearby Sierra de Mijas.

The combination of immediate golf frontage, open views, and proximity to the coast places this villa within a limited category of properties that balance privacy, accessibility and long-term appeal.
