the rolling countryside beyond.

The central atrium, known as the Andaluz Patio, features a remote-controlled retractable glass roof that invites the sky into the heart of the home. Two lounges, a formal dining area, and a state-of-the-art open kitchen fitted with Gaggenau appliances provide ample space for gatherings, while a ground-floor office and a fully equipped Technogym fitness suite support a balanced daily routine. Every room has been carefully curated with high-end finishes, combining Scandinavian oak floors with finely honed porcelain surfaces. The home spans three levels and includes five generous bedroom suites, each with its own private bathroom.

Outside, spacious terraces provide a canvas for dining under the stars or unwinding in shaded chill-out areas. Security and convenience are key, with full climate control, 24-hour camera surveillance, an intercom system, and perimeter walls providing a secure and private environment for everyday living. A large underground garage, generous storage areas, and ample internal parking make the property highly functional and well-prepared to accommodate guests with ease.

Set within a prestigious urbanisation, the villa pairs refined architecture with a location that connects convenience, exclusivity, and natural beauty. From your front door, it is only a few minutes' walk to the nearby shopping centre, and a short drive to the vibrant hubs of San Pedro, the village of Benahavís, and Puerto Banus. Golf enthusiasts will appreciate the proximity to both La Quinta and Los Arqueros courses, while regional travel is easy with Gibraltar just 40 minutes away and Málaga Airport reachable in 45 minutes. Benahavís continues to attract discerning buyers seeking both quality of life and investment potential, making this setting especially appealing.

Built with an eye toward both lasting quality and long-term value, this residence is equally well suited to full time living or strategic investment. Homes of this distinction in Marbella's hillside communities are now exceptionally scarce.
