Designed with quality at its core, this luxury townhouse for sale in La Quinta, Benahavís with panoramic sea views showcases bespoke detailing, premium materials and intelligently integrated technology throughout. Every element has been carefully considered to create a home that balances contemporary design with exceptional comfort, offering both an outstanding place to live and excellent long-term versatility.

The interiors have a quiet confidence about them. Natural materials, precise detailing and a disciplined contemporary palette create spaces that feel both sophisticated and genuinely welcoming. Wide-plank BOEN herringbone oak flooring runs throughout much of the interior, complemented by bespoke joinery that gives every room its own character while maintaining visual continuity. The open-plan living area is equally suited to everyday family life and entertaining, centred around a beautifully designed kitchen where warm timber cabinetry and premium Miele and Siemens appliances combine practicality with clean architectural styling. Four generous bedrooms and three stylish bathrooms provide comfortable accommodation for family and guests alike.

BROMLEY ESTATES

Marbella

Heated floors warm the kitchen, dining area and bathrooms, while the Jung Smart Home system and Airzone climate control allow lighting and temperatures to be managed remotely and individually in each room. Practical additions, including a separate laundry room, integrated storage, security cameras and electric vehicle charging readiness, demonstrate an emphasis on modern living that extends beyond aesthetics.

Outdoor spaces have been designed as genuine extensions of the townhouse. At garden level, the covered dining terrace incorporates a built-in Beefeater barbecue with stone preparation surfaces and electrically operated awnings. Above, the rooftop has been transformed into a private leisure level, with an outdoor kitchen, dining facilities, generous lounging areas and a HotSpring jacuzzi positioned to enjoy uninterrupted views stretching across the coastline towards the Mediterranean.

The townhouse also benefits from a bioclimatic covered parking area with an adjustable motorised roof, communal gardens and swimming pool, together with a valid tourist licence, making it equally attractive as a permanent residence, lock-up-and-leave holiday home or premium rental investment.

La Quinta continues to attract discerning buyers looking for privacy without isolation. Renowned for its championship golf course, five-star hotel, peaceful surroundings and elevated position, it offers immediate access to Nueva Andalucía, Puerto Banús, San Pedro Alcántara and Benahavís village, while Marbella's beaches, international schools, fine dining and everyday amenities remain only minutes away. Few locations combine tranquillity and convenience as successfully, making La Quinta one of the Costa del Sol's most consistently desirable residential addresses.

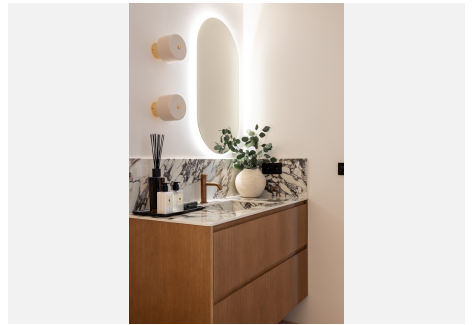

Beautifully executed from top to bottom, this is a home where specification and intelligent design come together to create something genuinely special. An outstanding opportunity to secure a distinctive property in one of Benahavís' most sought-after residential communities.
