The property offers over 500 m² built on a plot of approximately 1,000 m², featuring open-plan spaces and floor-to-ceiling windows that frame panoramic views of the sea, Gibraltar, and the African coastline. Natural light and the seamless indoor-outdoor connection are the true protagonists throughout the home.

At the heart of the villa is a spacious double-height living room with an integrated kitchen, opening directly onto a large terrace with a heated infinity pool. The master suite enjoys a private terrace, en-suite bathroom, and open sea views, complemented by three additional en-suite bedrooms distributed across different levels for enhanced privacy.
