BROMLEY ESTATES

Marbella.

The home offers five magnificent bedrooms, four with elegant ensuite bathrooms, each designed as a private retreat immersed in nature and light. Expansive terraces and a spectacular solarium invite endless mornings under the sun and unforgettable evenings beneath the stars.

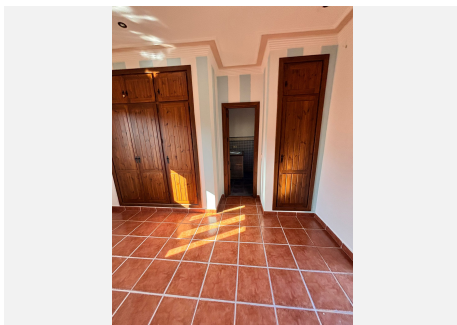

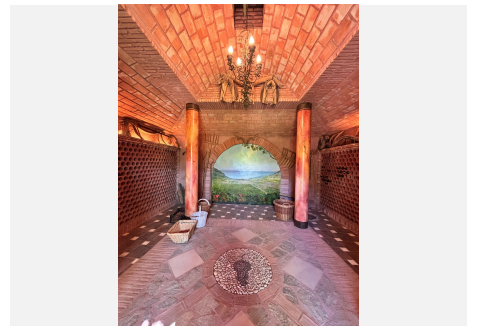

At the heart of the estate lies an immense shaded Andalusian patio, a place created for gathering, celebrating, and living beautifully. With its traditional barbecue area and wood-fired oven.

The lower level unfolds into an extraordinary multifunctional space, including guest or service quarters with their own kitchen and bathroom, offering complete independence and comfort. Hidden within, a remarkable wine cellar awaits, adorned with freshly painted murals that transform it into a piece of art as much as a place of indulgence.

For those who dream beyond the ordinary, the estate continues to surprise: private horse stables, training grounds, a planned lake project, vast parking areas, and a perfectly positioned space ready for the construction of a spectacular swimming pool. Every inch of the property has been designed to offer freedom, exclusivity, and an unparalleled lifestyle.

And yet, perhaps its greatest luxury is something impossible to build again: its privacy and proximity to town. Surrounded by protected land where no future construction will ever disturb its peace, this estate offers an increasingly rare privilege — the feeling of owning your own hidden paradise, while remaining moments away from the Mediterranean coast.

Impeccably maintained and ready to move into, this is more than a property. It is a legacy estate. A retreat for the soul. A timeless jewel waiting for someone who understands that true luxury is not about excess, its about taste.
